

Coastal mobile make

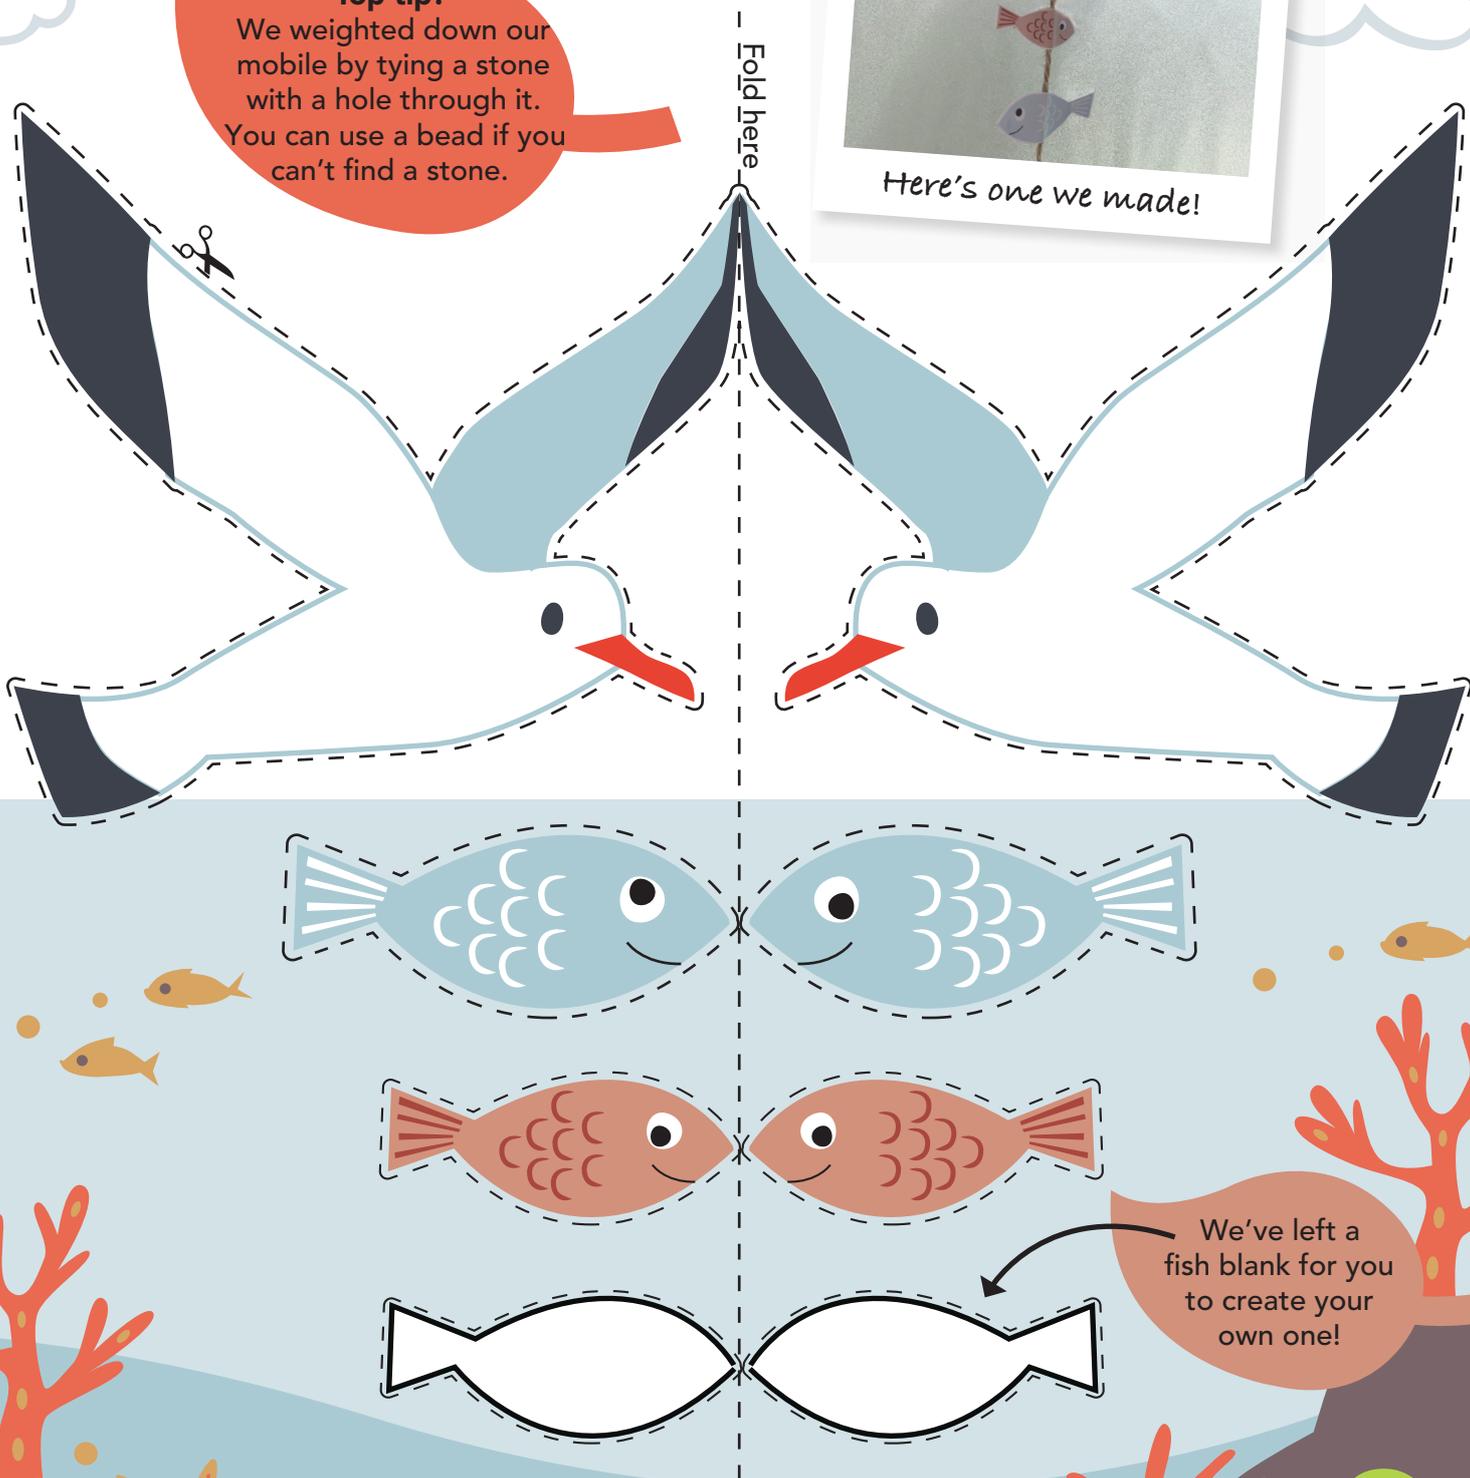

Make a coastal mobile to hang in your room or window! Simply print out this page then ask a grown up to help you cut along the dotted lines. Use a glue stick to join the cut outs together and stick around some string or ribbon!

Top tip!

We weighted down our mobile by tying a stone with a hole through it. You can use a bead if you can't find a stone.

Here's one we made!

We've left a fish blank for you to create your own one!
